"ABOUT COMPANY

THE COMPANY

We are duly incorporated and registered under the companies Act, Laws of Kenya. As a limited company, it transacts business as laid down in the companies Act Chapter 486 laws of Kenya. The company is fully authorized and licensed to conduct business in Kenya having started our operations in the year 2011 and we continue to grow our operations.

Superior Smart Security Company Limited is an acclaimed firm of private security service provider with a reputation for both effective security solutions and the use of innovative technology in the protection of life and property.

We have a portfolio of completed and on-going projects with particular emphasis on manned guarding security and technological solution including alarm responses.

OUR VISION

We provide industry-leading security solutions while promoting a business culture founded on dedication, innovation, respect, teamwork and trust. Based on these company values, we endorse empowerment as a way to improve the quality of life of both our clients and employees.

OUR MISSION

To build a robust and long lasting client relationship based on mutual trust, offering superior service, innovation and dedication by demonstrating operational excellence in our field of expertise by focusing on our clients priorities.

OUR VALUES

Dedication and trust

Doing as much as reasonably as we can in order to advance individually as a team, our clients and the society and seek to build trust in every relationship.

Innovation

Transform the established practice in order to enhance the organization mission.

Respect

Treating other the way you want to be treated

Team work

Communicate and collaborate for better results.

OUR MANAGEMENT

Our management is drawn from a wide field of experience in the service industry and with high qualifications in security, finance, accounting, engineering, human resource and administration. The senior management consists of individuals with experience in the security industry. The Manager have who worked in the leading and recognized security firms in the country over number of years. Further we have a team of qualified operational and training staff who can handle and deliver to the required standards

COMPLIANCE

Superior Smart Security Company Limited has developed a theory of “Enforcement through Reinforcement.” The management having years of security and law enforcement experience has realized that prevention of crime can be accomplished by utilizing tactical approaches. The art of verbal judo is commonplace in our organization and has often been effective in deescalating volatile situations.

UNIFORMS

Our uniformed security guards are outfitted with blue light shirts and black trousers. Our corporate general orders, require that our personnel keep their uniforms pressed and clean at all times. Their shoes are polished; military-style and men are clean-shaven with neat haircuts.

Female officers are held to the same standard. We pride ourselves on the appearance of our personnel, as they are representing our Company in your facilities.

SUPERVISION

Superior Smart Security Company Limited supervisory personnel are required to possess a minimum of 5 years of law enforcement experience. Our supervisors are charged with scheduling, assigning security posts, and acting as liaison between our company and our clients.

Supervisory personnel are available to you 24 hours every day in order to maintain quality assurance and customer service on behalf of Superior Smart Security Company Limited.

THE FOLLOWING IS AN OVERVIEW OF OUR MANNED GUARD PROCESS

Applicant screening

The quality we bring to your environment begins long before you see our security guards, Superior Smart Security Company Limited has resolved to make the recruitment and training of our personnel the key to our success; in that, we conduct hiring initiatives on a regular basis with over 100 applicants per month, with an average of 10 new appointees. Most applicants are unable to meet our qualifications Criterion, which is set on standard similar to Government secret clearance.

Training

Superior Smart Security Company Limited conducts training that exceeds that of any of our competitor's programs. The knowledge of our management team is passed on to our new employees. In addition to the national mandated certification courses.

Superior Smart Security Company Limited personnel also attends:

- Investigation Training
- Patrol Techniques & Criminal Law
- Customer Service Seminar
- Responsive team Training

Method

Our uniformed security guards are trained to act as a criminal deterrent by adopting the principals of the C.P.O.P (community police officer program) methodology. Simply put, our guards are encouraged to be an approachable source of information to patrons, residents and employees. Letting the public know that we are there for them generates a feeling of community and safety.

Patrol

The placement of our security guards is what generally places Superior Smart Security Company Limited in the position to confidently describe the implementation of our security guard project as authentic.

Our security guards are trained to make visible foot patrols throughout their posts in undermined patterns. We encourage our personnel to interact with your patrons and employees in addition to standing a fixed post

Our Personnel

We will provide you with licensed, insured, and well trained Security Guards. Each Security Professional has been trained to the best standards of security guarding.

Our pre-employment background checks far exceed that of regulatory standards. Superior Smart Security Company Limited offers, free of charge, supervisory personnel to insure strict adherence to our general orders and your rules, regulations and ordinances.

Superior Smart Security Company Limited supervisors are utilized as a liaison between Superior Smart Security Company Limited and our clients. Control rooms that are managed 24 hours a day, 365 days per year for efficient and effective services.

It is our belief that in order to assure the best quality of service that we stand by, we must keep close relationships with our personnel both on and off duty.

At Superior Smart Security Company Limited, our security guards will be equipped with two-way radios or equivalent to ensure constant communication with our management team.

Each and every security guard will be in-serviced regularly regarding your specific site to further enhance the protection we provide.

Superior Smart Security Company Limited has taken a unique approach to the business of contract security. Many of our competitors employ minimally screened and trained guards. Our approach involves a proactive theory of well-groomed, exceptionally trained, uniformed security guards. Our strategy entails several steps to mitigate the possibility and opportunity for theft of property, or injury to persons within the facility.

Hour Service

Our offices are staffed around the clock with customer service representatives for your convenience. While most of our competitors work from their homes, Superior Smart Security Company Limited staffs fully functional offices.

Our customer service representatives are not salespeople; they are security professionals assigned to light duty or administrative functions. Desk personnel are utilized as watch- commanders with full authority to make supervisory decisions for Superior Smart Security Company Limited.

Cost

Superior Smart Security Company Limited will provide you with a breakdown of our costing specifications.

We maintain a philosophy that in order to retain the highest quality security professionals in the industry, we must compensate them commensurate to their qualifications. The Superior Smart Security company limited has resolved to reduce our profit margin rather than decrease a security guard's salary. Our costing structure provides for a well-paid security professional and a conservative rate to our client.

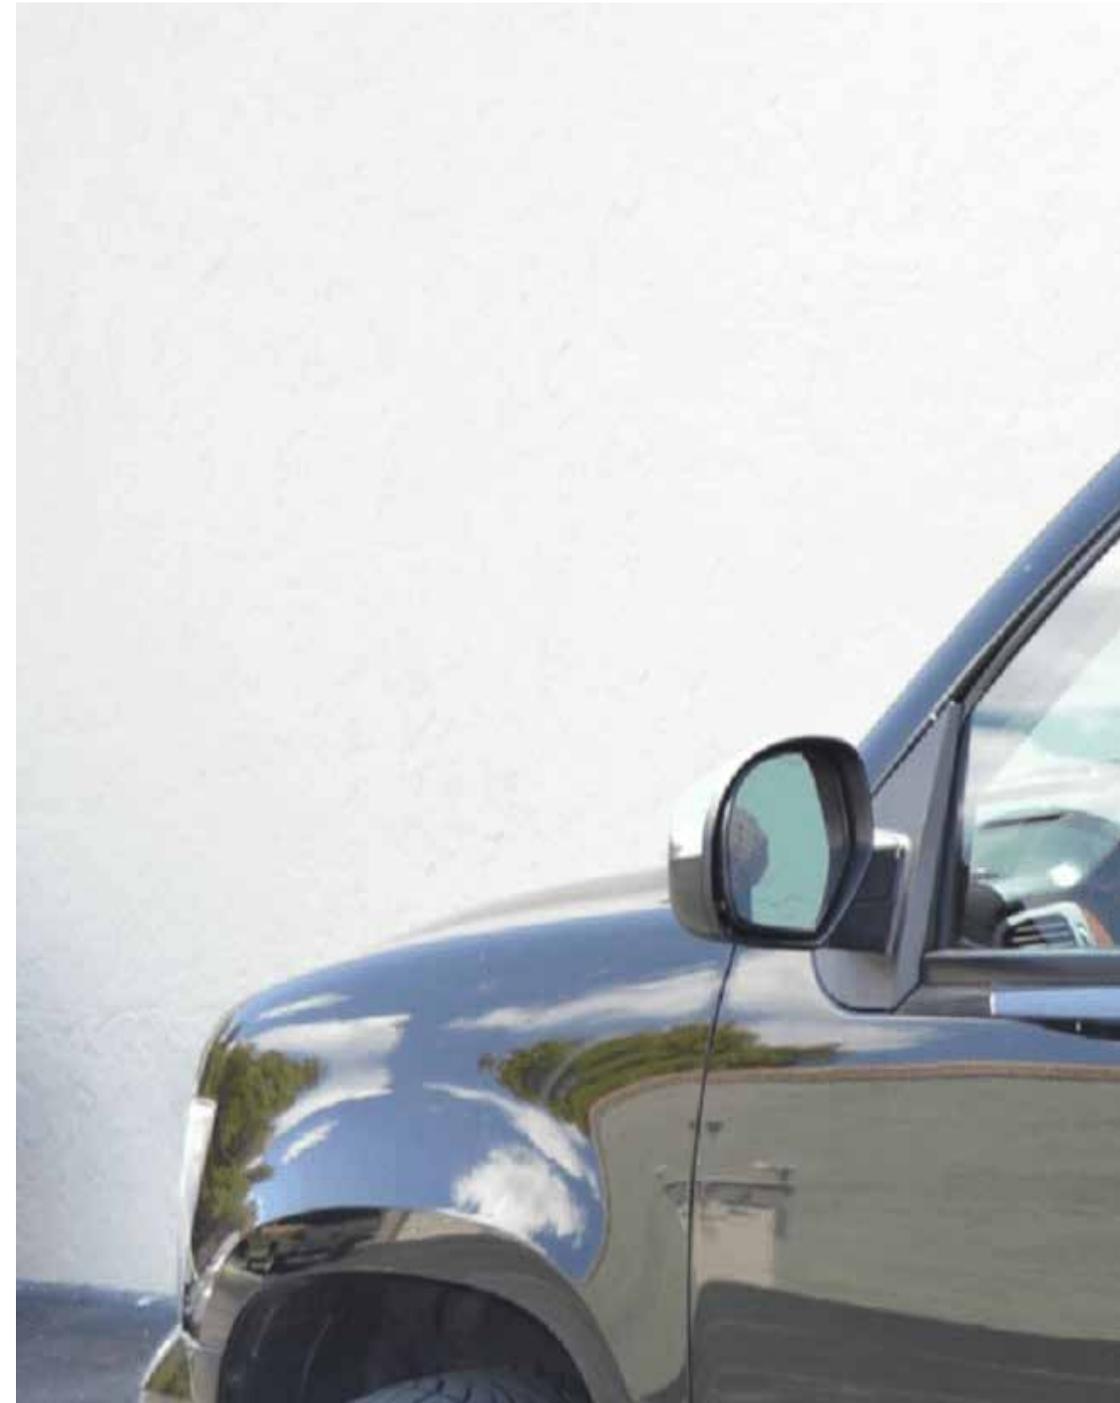

Liability

Security maintains insurance that is over the minimum aggregate coverage obtained by most of our competitors. Our Legal Division recommends that in order to protect our assets as well as yours, we must maintain financial security in full force and effect at a level that far exceeds industry standard.

Security Service Project Schedule

We will review in detail your request for proposal particulars and understand the scope and schedule of your project, Superior Smart Security Company Limited will put together a first class team of security professionals who will be particularly suited to your project. We will select prospective supervisory personnel on their ability and suitability for the type of project, and of courses their availability to start right away when we are appointed.

Superior Smart Security Company Limited will partner with you in every stage of your project and act as both consultants and colleagues to work in a manner commensurate with both of our Company's relative skills — bringing greatly enhanced value to your project.

“OUR SERVICES

1. Manned Security

By choosing our manned guards, as well as installing security system as CCTV, you'll receive an integrated security service for your entire premises. Guards can patrol your business and monitor your CCTV cameras, linked up to our National Control Center, giving you 24-hour protection and providing a more cost efficient security service.

We specialize in providing highly trained security staff for many of our clients. In this regard Superior Smart Security Company Limited holds high status for the provision of Manned Security Services in;

- Healthcare facilities
- Estate/Residential Premises
- Corporate Buildings
- Retail venues parking lots
- Site security
- School college/University protection
- 24Hour patrols
- Hotel security
- Construction Site including road
- Petrol Stations etc

2. Executive Security

Superior Smart Security Company Limited provides more comprehensive security options than typical bodyguard services. We maximize security to those under our protection by delivering and incorporating:

- Rapid agent deployment countrywide 24/7
- Threat Analysis for advance preparations and planning
- Real-time intel from a wide variety of reliable resources
- Liaison with local authorities
- Ability to alter plans/routes at a moment's notice
- Highly-trained and experienced professionals

“OUR SERVICES

3. VIPs and celebrities

We've learned that most people do not like the “mob” effect of executive security protection that seeks to smother or cover the protected person. Good protective work is seldom seen, but always present.

Superior Smart Security Company Limited personnel are highly experienced in working with the VIP community, taking into account the unique style and specific needs of the person or people we're protecting. We are repeatedly hired to protect:

- Famous entertainers and celebrities
- News correspondents
- Athletes
- Diplomats
- Politician
- Business Executives

4. Protecting corporate executives

Executives may need protection from workplace violence issues relating to layoffs, terminations or disgruntled employees. Corporate heads may need to travel to dangerous or unstable environments. No matter the situation, Superior Smart Security Company Limited has the solutions and experience to provide reliable protection for CEOs, Boards of Directors and other corporate leaders. We help you create security strategies and detailed plans that deter and reduce threats. As needed, our Executive Protection Services can include:

- Armed guard protection
- Private Bodyguards
- Goods on transit escorting
- Residential protection details
- Corporate Protection details

“OUR SERVICES

5. Private Investigation Services

Discreet Investigations and Evidence Gathering Services

However reliable your security systems and policies may be, the trust that you give to those within your organization can on some occasions be abused.

Superior Smart Security Company Limited provides confidential investigation services to determine the legitimacy of allegations of corruption, fraud or theft. We can also conduct checks on your organization to determine potential employee misconduct before it occurs.

Every investigation that Superior Smart Security Company Limited undertakes has its own unique situation and, as a result, the methodology that we employ varies from case to case. Most commonly, our corporate investigations use a combination of human intelligence from sources placed across the globe and technical surveillance including computer analysis, file retrieval, asset tracking and covert cameras. If necessary, we can also deploy undercover operatives into an organization to conduct a first-hand investigation without alarming your employees.

Find those responsible for misconduct in your organization and gather the admissible evidence you need to prosecute them. Contact us today to discuss your current situation.

"OUR SERVICES

6. CCTV Surveillance Services

At Superior Smart Security Company Limited we insure a speedy response from incident to action. Using our CCTV installation and remote monitoring service will save your business time and money. In order to create the most secure CCTV system for your business or surveillance area we start by booking a consultation and inspection of the premises or area.

Our custom CCTV extended services include:

- Offsite backup and Cloud backup options of CCTV surveillance for added security.
- Installation of Integrated Security Systems (ISS) and video management software Installation of a Unified / Centralized
- CCTV platforms of IP and analog camera systems (or both) in case of distributed sites / branches.
- Remote and mobile surveillance platforms
- Supply, implementation and servicing of CCTV equipments.
- Surveillance video analytic systems i.e. face capture and recognition, License plate recognition, traffic monitoring, intrusion and perimeter analytics, object tracking and many more Consultancy and design of surveillance systems and infrastructure

7. Alarms Response

An automatic alarm system is far superior to the basic manual alarm system. It allows for 24-hour coverage, regardless of whether the client is present at home or the office. Once a sensor is triggered, the signal is received at our National Command & Control Centres and a mobile response team is dispatched immediately.

The automatic alarm system is triggered from a variety of sensors, such as magnetic door contacts, window vibration sensors and infrared motion sensors.
